

## **Re: CAAT-Resumption of Junior Training**

### **To Parents/guardians of junior members**

As a Club, the safety of our athletes and coaches is our most important consideration. Changes will be needed when we return to training and I can assure you that we will not compromise in ensuring that we minimise the risk of Covid infection. We will implement strict controls but will be wholly reliant on the behaviour of our athletes, parent and guardians to comply and so will have to operate a zero-tolerance policy to ensure we protect everyone. Please remember that all our coaches and anyone else who helps in the Club is a volunteer and must be able to feel safe in what they do.

We currently do not know when we will return but we do not believe it could be earlier than October. The committee and coaches are planning on having a meeting/call in August to discuss the changes needed and determine how we will implement them. As soon as we know further details we will let you know. On behalf of the Club Committee and all the Coaches, we hope you all keep safe and please be assured that safety is our most important consideration.

In the meantime, I hope you are aware of and participating in the amazing work we recently transformed 'e-coaches' have been doing to ensure that junior training doesn't stop, but instead continues, just with a different way of delivery.

In Sport

Daryl (on behalf of the Committee)
