

Re: CAAT-Resumption of Senior Training

To Senior Members

We hope you are managing in these difficult times and aware that we are all missing the Club sessions. However, safety must never be compromised and we are continuing to follow UKA guidelines and so there are no Club sessions whatsoever. Moreover, we cannot see this changing in the foreseeable future and even when UKA start to ease the restrictions, we will have to make adjustments to the way our sessions are organised. Only when we feel comfortable with the changes we make and we feel we are able to protect all our members and minimise risk, will Club sessions resume. This could be well after UKA have allowed resumption of Club training. I hope you understand why we are taking this approach and the safety of our members is paramount.

In Sport

Daryl (on behalf of the Committee)
